

Rivarp Medical Proudly Announces the Successful Internal Launch of

KentroGlide DEB

Rivarp Medical Pvt. Ltd. proudly announces the successful internal launch of **KENTROGLIDE DEB**.

A Paclitaxel-coated Coronary Drug-Eluting Balloon, expanding treatment options for Interventional Cardiologists.

The launch was conducted for our Field Colleagues from 12th–14th August, with focused product and clinical training.

The program also included comprehensive training on Occluders and other key products in the Rivarp portfolio.

A dedicated hands-on workshop provided practical product and procedural learning. Through this initiative, Rivarp Medical created a valuable learning opportunity for its Field Colleagues.
